BOROUGH ENGINEER

**RE: 2016 WATER MAIN CLEANING AND CEMENT
LINING PROJECT – PHASE II
LAKE COMO, NEW JERSEY
OUR FILE NO.: PLC00404.01**

Please be advised that on or about Tuesday, May 8, 2018, weather permitting, a temporary water main shutdown is scheduled to be performed for the water system improvements along 17th Avenue as part of the above referenced project. The temporary shutdown will begin at 9:00am and services should be restored by 1:00pm.

Our office will have a representative on-site during construction to monitor the work of the contractor, DewCon, Inc. (908-832-5710). We will attempt to coordinate any work to be done in your area in order to minimize possible inconveniences.

At certain times the road may have to be closed to traffic except to those residents who live within the project limits. During this period, detours will be posted. It is expected that no work will be done on weekends or major holidays unless absolutely necessary.

On behalf of the Mayor and Borough Council, we would like to thank you for your anticipated cooperation in this matter and apologize in advance for any inconveniences that may be caused during construction.

Should you have any questions regarding this matter, please do not hesitate to contact this office at 732-727-8000.
