INDEPENDENT AUDITOR'S REPORTS

FINANCIAL STATEMENTS

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2022

# Oliwa & Company

# Certified Public Accountants

# **INDEPENDENT AUDITOR'S REPORT**

To the Honorable Mayor and Members of the Borough Council Borough of Lake Como County of Monmouth Lake Como, New Jersey

# Report on the Audit of the Financial Statements

# **Opinions**

We have audited the accompanying balance sheets - regulatory basis of the various funds and the general fixed assets account group of the Borough of Lake Como, County of Monmouth, State of New Jersey (the "Borough") as of December 31, 2022, and the related statement of operations and change in fund balance - regulatory basis for the year then ended, the related statement of fund balance - regulatory basis for the year then ended, the statement of revenues - regulatory basis for the year then ended and the statement of expenditures - regulatory basis for the year then ended of the various funds, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

# Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the balance sheets - regulatory basis of the various funds and the general fixed assets account group of the Borough as of December 31, 2022, and the statement of operations and change in fund balance - regulatory basis for the year then ended, the statement of fund balance - regulatory basis for the year then ended and the statement of expenditures - regulatory basis for the year then ended of the various funds in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

# Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter described in the Basis for Unmodified and Adverse Opinions section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Borough as of December 31, 2022, or the results its operations and the changes in fund balance for the year then ended.

# Basis for Unmodified and Adverse Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Our responsibilities under those standards and provisions are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified, qualified and adverse audit opinions.

# Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by the Borough on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## Other Matter

The financial statements of the Borough for the year ended December 31, 2021, were audited by another auditor, who expressed an adverse opinion as to conformity with accounting principles generally accepted in the United State of America and an unmodified opinion as to conformity with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

# Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

# Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough's basic financial statements. The accompanying supplementary schedules as listed in the table of contents are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

# Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated April 9, 2024 on our consideration of the Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness on the Borough's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough's internal control over financial reporting and compliance.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the Borough Council Borough of Lake Como County of Monmouth Lake Como, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the regulatory basis financial statements of the Borough of Lake Como, County of Monmouth, State of New Jersey (the "Borough") as of and for the year ended December 31, 2022, and the related notes to the regulatory basis financial statements, which collectively comprise the Borough's basic financial statements and have issued our report thereon dated April 9, 2024, in which we expressed an adverse opinion on the conformity of the regulatory basis financial statements with accounting principles generally accepted in the United States of America, due to the differences between those principles and the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. We expressed an unmodified opinion on the regulatory basis financial statements of the various funds and the general fixed assets account group as to conformity with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

# Report on Internal Control Over Financial Reporting

In planning and performing our audit of the regulatory basis financial statements, we considered the Borough's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the regulatory basis financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

# Report on Internal Control over Financial Reporting (continued)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying comments and recommendations section as item 2022-001 that we consider to be a material weakness.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's regulatory basis financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

However, we did identify certain matters that are not required to be reported under Government Auditing Standards that we reported to management in the accompanying comments and recommendations section.

# Borough's Response to the Finding

Government Auditing Standards requires the auditor to perform limited procedures on the Borough's response to the finding identified in our audit and described in the accompanying comments and recommendations section. The Borough's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

# Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Note 1. Summary of Significant Accounting Policies

# **Description of Financial Reporting Entity**

The Borough of Lake Como, County of Monmouth, New Jersey (the "Borough") is governed by the Borough form of government, with a mayor and a 6-member Borough Council. Administrative responsibilities are assigned to the Borough Manager. Policy is determined by the Council and Management is responsible for carrying out such policy.

Component Units - GASB Statement 14, as amended by GASB Statements 39, 61, 80, 90, and 97, establishes criteria to be used in determining the component units, which should be included in the financial statements of a primary government. The financial statements of the Borough are not presented in accordance with GAAP (as discussed below), and therefore the Borough had no component units as defined by GASB Statement No. 14, as amended by GASB Statement 39, 61, 80, 90, and 97.

Basis of Accounting, Measurement Focus and Basis of Presentation - The financial statements of the Borough contain all funds and account groups in accordance with the "Requirements of Audit" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the Requirements of Audit are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these "Requirements". In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United State of America applicable to local government units. The more significant differences are explained further in this note.

In accordance with the "Requirements", the Borough accounts for its financial transactions through the use of separate funds, which are described as follows:

Current Fund – This fund accounts for revenues and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Funds – These funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund – This fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Utility Operating and Capital Funds – These funds account for utility operations that are financed through user fees. The funds are operated on a basis similar to private business enterprises where the intent is that the costs of providing the utility to the general public be financed through user fees. Operations relating to the acquisition of capital facilities for utility purposes are recorded in the Utility Capital Fund.

Payroll Fund – This fund accounts for the payroll and payroll tax liabilities of the Borough.

General Fixed Assets Account Group – The General Fixed Assets Account Group is utilized to record land and related improvements, buildings and related improvements and machinery and equipment that have been acquired by other funds of the Borough.

# Note 1. Summary of Significant Accounting Policies (continued):

Budgets and Budgetary Accounting - The Borough must adopt an annual budget for its Current and Utility Fund in accordance with N.J.S.A.40A:4 et seq. N.J.S.A.40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than February 10<sup>th</sup> of each year. At introduction, the governing body must fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A.40A:4-9. Amendments to adopted budgets, if any are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of Local Government Services, with the permission of the Local Finance Board. Budgets are adopted on the same basis of accounting utilized for the preparation of the Borough's financial statements. Once a budget is approved it may be amended after November 1, by a resolution adopted by the governing body.

Cash, Cash Equivalents and Investments - Cash and Cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Under GAAP, investments are reported at fair value but under regulatory basis of accounting, investments are stated at cost. Therefore, unrealized gains or losses on investments have not been recorded.

New Jersey municipal units are required by N.J.S.A.40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A.40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local utilities and other state agencies.

N.J.S.A.17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the Governmental Units.

The cash management plan adopted by the Borough requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

# Note 1. Summary of Significant Accounting Policies (continued):

**Interfunds** - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories and Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

General Fixed Assets – Accounting for governmental fixed assets, as required by N.J.A.C.5:30-5.6. differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed asset reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and Budget Circular A-87 (Attachment B, Section 19), except that the useful life of such property is at least five years. The Borough has adopted a capitalization threshold of \$5,000.00, the maximum amount allowed by the Circular, Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. In some instances, assets are valued at the assessed valuation of the property at the time of acquisition, which approximates fair value. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at their acquisition value as of the date of the transaction. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the capital funds until such time as the construction is completed and put into operation. The Borough is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements, and transfers of fixed assets. In addition, a statement of general fixed assets, reflecting the activity for the year, must be included in the Borough's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that includes accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. All fixed assets must be adequately controlled to safeguard against loss, damage, or theft.

Utility Fixed Assets – Property and equipment purchases by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition. The amounts shown do not represent replacement cost or current value. The reserve for amortization and deferred reserve for amortization in the utility capital fund represent the cost of the utility fixed assets reduced by the outstanding balances of bonds, loans, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

# Note 1. Summary of Significant Accounting Policies (continued):

Foreclosed property – Foreclosed Property or "Property Acquired for Taxes" is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the Borough to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason, the value of foreclosed property has not been included in the General Fixed Assets Account Group. If such property is converted to a municipal use, it will be recorded in the General Fixed Assets Account Group.

**Deferred Charges** – The recognition of certain expenditures is deferred to future periods. These expenditures or deferred charges are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with *N.J.S.A.40A:4-46* et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Fund Balance – Fund Balance included in the Current and Utility Operating Fund represent the amount available for anticipation as revenue in future year's budgets, with certain restrictions.

Revenues – are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from Federal and State grants are realized when anticipated as such in the Borough's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Borough's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the Borough, which are susceptible to accrual, are also recorded as receivables with offsetting reserves and recorded as revenues when received.

**Utility Revenues** – Utility charges are levied semi-annually based upon a flat service charge and if applicable, an excess consumption or usage charge. Revenues from these sources are recognized on a cash basis. Receivables that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Boroughs utility operating fund.

Property Tax Revenues – are collected in quarterly installments due February 1, May 1, August 1 and November 1. The amount of tax levied includes not only the amount required in support of the Borough's annual budget, but also the amounts required in support of the budgets of the County of Monmouth and Lake Como School District. Unpaid property taxes are subject to tax sale in accordance with statutes.

County Taxes – The municipality is responsible for levying, collecting and remitting County taxes for the County of Monmouth. Operations is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10<sup>th</sup> of the current year. In addition, operations are charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10<sup>th</sup> of the current year and due to be paid to the County by February 15<sup>th</sup> of the following year.

School Taxes – The municipality is responsible for levying, collecting and remitting school taxes for the Lake Como School District. Operations are charged for the full amount required to be raised from taxation to operate the local school district July 1 to June 30.

**Deferred School Taxes** – School taxes raised in advance in the Current Fund for a school fiscal year (July I to June 30) which remain unpaid at December 31 of the calendar year levied may be deferred to fund balance to the extent of not more than 50% of the annual levy providing no requisition has been made by the school district for such amount.

## Note 1. Summary of Significant Accounting Policies (continued):

Reserve for Uncollected Taxes – The inclusion of the "Reserve for Uncollected Taxes" appropriation in the Borough's annual budget protects the Borough from taxes not paid currently. The Reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

Expenditures – are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed as required by Technical Accounting Directive No. 85-1. When an expenditure is paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves. Appropriations for interest payments on outstanding general capital bonds and notes are provided on the cash basis. Appropriations for interest payments on outstanding utility capital bonds and notes are provided on the accrual basis.

Appropriation Reserves – Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves and reserve for encumbrances at current year end are available until December 31<sup>st</sup> of the succeeding year to meet specific claims, commitments or contracts incurred during the preceding year. Any unspent balances at this time are lapsed appropriation reserves and recorded as income.

Long-Term Debt - Long-Term Debt relative to the acquisition of capital assets is recorded as a liability in the General and Utility Capital Fund. Where an improvement is a "local improvement", i.e., assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the Trust Fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

Compensated Absences – Expenditures relating to obligations for unused vested accumulated vacation and sick leave are not recorded until paid; however, municipalities may establish and budget reserve funds subject to NJSA 40A:4-39 for the future payment of compensated absences.

Recent Accounting Pronouncements – The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB adopts accounting statements to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP). The municipalities in the State of New Jersey do not prepare their financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements.

## Note 1. Summary of Significant Accounting Policies (continued):

## Accounting Pronouncements Effective in Current Year

The following GASB Statements became effective for the year ended December 31, 2022:

Statement No. 87, Leases

Statement No. 93, Replacement of Interbank Offered Rates

Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32. Requirements of this pronouncement related paragraphs 4 and 5 were implemented in the prior year.

Management has determined that the implementation of these Statements did not have a significant impact on the Borough's financial statements.

## Accounting Pronouncements Effective in Future Reporting Periods

Statement No. 96, Subscription-Based Information Technology Arrangements is effective for fiscal years beginning after June 15, 2022.

Statement No. 100, Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62 is effective for fiscal years beginning after June 15, 2023.

Statement No. 101, Compensated Absences, is effective for fiscal years beginning after December 15, 2023.

Management has yet to determine the potential impact that these Statements will have upon the Borough's financial statements.

## Note 2. Deposits and Investments

The Borough is governed by the deposit and investment limitations of New Jersey state law.

### Deposits

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the Borough's deposits may not be returned. Although the Borough does not have a formal policy regarding custodial credit risk, NJSA 17:9-41 et seq. requires that the governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA is a supplemental insurance program set forth by the New Jersey Legislature to protect the deposits of local governmental agencies. The program is administered by the Commissioner of the New Jersey Department of Banking and Insurance. Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by FDIC. Public funds owned by the Borough in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds or funds that may pass to the Borough relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below.

## Note 2. Deposits and Investments (continued)

As of December 31, 2022 and 2021, the Borough's bank balances were \$4,188,447.10 and \$4,251,744.68 respectively, and were exposed to custodial credit risk as follows:

	<u>December 31, 2022</u>	December 31, 2021
Insured under FDIC and GUDPA	\$4,183,034.05	\$4,053,213.61
Uninsured and Uncollateralized	5,413.05	198,531.07
	\$4,188,447.10	\$4,251,744.68

As of December 31, 2022 and 2021 the Borough did not have any investments.

## Note 10. Pension Obligations

## A. Public Employees' Retirement System (PERS)

**Plan Description** - The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to Division's Comprehensive Annual Financial Report (CAFR) which can be found at <a href="http://www.state.nj.us/treasury/pensions/annual-reports.shtml">http://www.state.nj.us/treasury/pensions/annual-reports.shtml</a>.

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service.

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 or more years of service credit before age 62 and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

## Note 10. Pension Obligations (continued):

## A. Public Employees' Retirement System (PERS) (continued):

Basis of Presentation - The schedules of employer and nonemployer allocations and the schedules of pension amounts by employer and nonemployer (collectively, the Schedules) present amounts that are considered elements of the financial statements of PERS or its participating employers. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of PERS or the participating employers. The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of PERS to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

Contributions - The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets

Net Pension Liability and Pension Expense - At June 30, 2022, the Borough's proportionate share of the PERS net pension liability is valued to be \$1,544,659.00. The net pension liability was measured as of June 30, 2022. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of July 1, 2021, to the measurement date of June 30, 2022. The Borough's proportion of the net pension liability was based on the Borough's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2022. The Borough's proportion measured as of June 30, 2022, was .0102353755%, which was an increase of .0002544703% from its proportion measured as of June 30, 2021.

Borough contributions to PERS amounted to \$121,514.00 for 2022. The employee contributions for PERS are 7.50% of base wages.

<u>Pension Expense and Deferred Outflows/Inflows of Resources</u> - At December 31, 2022, the Borough reported deferred inflows of resources and deferred outflows of resources related to PERS from the following sources:

	June 30, 2022	
	Deferred	Deferred
	Inflows of	Outflows of
	Resources	Resources
Difference between expected		
and actual experience	\$9,832.00	\$11,149.00
Changes of assumptions	231,297.00	4,786.00
Net difference between		
projected and actual earnings		
on pension plan investments		63,932.00
Changes in proportion and		
differences between Borough's		
contributions and proportionate	248,571.00	
share of contributions		251,282.00
	\$489,700.00	\$331,149.00

The Borough's proportionate share of deferred inflows of resources and deferred outflows of resources related to PERS, in the amount of \$158,551.00 will be recognized in pension expense by the Borough in future years.

## Note 10. Pension Obligations (continued):

## A. Public Employees' Retirement System (PERS) (continued)

<u>Actuarial Assumptions</u> - The total pension asset/(liability) as of the measurement date was determined by using an actuarial valuation as noted in the table below, with update procedures used to roll forward the total pension liability to the measurement date. The actuarial valuations used the following actuarial assumptions:

Inflation Date.	<u>PERS</u>
Inflation Rate: Price	2.75%
Wage	3.25%
Salary Increases:	2.75 - 6.55% Based on Years of Service
Investment Rate of Return	7.00%
Mortality Rate Table	Pub-2010
Period of Actuarial Experience Study	
upon which Actuarial Assumptions	
were based	July 1, 2018 - June 30, 2021

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

## Note 10. Pension Obligations (continued):

## A. Public Employees' Retirement System (PERS) (continued):

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2022 are summarized in the following table:

	June 30, 2022	
		Long-Term
	Target	Expected Real
Asset Class	<b>Allocation</b>	Rate of Return
U.S. Equity	27.00%	8.12%
Non-U.S. Developed Market Equity	13.50%	8.38%
Emerging Markets Equity	5.50%	10.33%
Private Equity	13.00%	11.80%
Real Estate	8.00%	11.19%
Real Assets	3.00%	7.60%
High Yield	4.00%	4.95%
Private Credit	8.00%	8.10%
Investment Grade Credit	7.00%	3.38%
Cash Equivalents	4.00%	1.75%
U.S. Treasuries	4.00%	1.75%
Risk Mitigation Strategies	3.00%	4.91%
	100.00%	

## Note 10. Pension Obligations (continued):

## A. Public Employees' Retirement System (PERS) (continued):

<u>Discount Rate</u> - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. This single blended discount rate was based on long-term expected rate of return on pension plan investments of 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Borough's proportionate share of the Net Pension Liability to Changes in the Discount Rate - The following presents the Borough's proportionate share of the net pension liability calculated using the discount rate as disclosed above, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	June 30, 2022		
	1%	At Current	1%
	Decrease	Discount Rate	Increase
	<u>6.00%</u>	<u>7.00%</u>	<u>8.00%</u>
Borough's proportionate share			
of the pension liability	\$1,984,434.00	\$1,544,659.00	\$1,170,393.00

## B. Police and Firemen's Retirement System (PFRS)

On May 11, 2016, the Borough of Lake Como laid off its Police Force and abolished the Police Department for economic reasons. The Borough reached an agreement with the Borough of Belmar to provide law enforcement and dispatching services for a term of 10 years beginning May 11, 2016 and ending on May 10, 2026. Both parties also have the option to renew this agreement for two additional ten-year periods. The annual cost to Lake Como shall be 25% of Belmar's annual Current Fund Police & Communication Budget. Due to this agreement, the Borough of Lake Como no longer carries a Police and Firemen's Retirement System liability. The Borough will continue to fund the annual contribution by budget appropriation through 2024. For the year ended December 31, 2022, the Borough's required contribution to the PFRS was \$14,143.00.

## Note 11. Postemployment Benefits Other Than Pensions

## General Information about the OPEB Plan

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at <a href="https://www.state.nj.us/treasury/pensions/financial-reports.shtml">https://www.state.nj.us/treasury/pensions/financial-reports.shtml</a>.

The Plan provides medical and prescription drug to retirees and their covered dependents of the participating employers. Under the provisions of Chapter 88, P.L 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiation's agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

## Note 11. Postemployment Benefits Other Than Pensions (continued):

## **Allocation Methodology**

GASB Statement No. 75 requires participating employers in the Plan to recognize their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective OPEB (benefit) expense. The special funding situation's and nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB (benefit) expense are based on separately calculated total OPEB liabilities. For the special funding situation and the nonspecial funding situation, the total OPEB liabilities for the year ended June 30, 2022 were \$5,462,303,132 and \$5,525,718,739, respectively. The nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB (benefit) expense are further allocated to employers based on the ratio of the plan members of an individual employer to the total members of the Plan's nonspecial funding situation during the measurement period July 1, 2019 through June 30, 2020. Employer and nonemployer allocation percentages have been rounded for presentation purposes; therefore, amounts presented in the schedule of OPEB amounts by employer and nonemployer may result in immaterial differences.

## **Special Funding Situation**

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net OPEB liability that is associated with the local participating employer. Additionally, the State's proportionate share of the OPEB liability attributable to the Borough is \$1,231,306.00 as of June 30, 2022.

## Note 11. Postemployment Benefits Other Than Pensions (continued):

## Net OPEB Liability and Total OPEB Expense

As of June 30, 2022, the Plan reported a net OPEB liability of \$1,519,838.00 as the Borough's proportionate share of the collective total of the net OPEB liability of participating employers in the Plan. As of June 30, 2022, the Borough's proportionate share of the total net OPEB liability was .09411%. The Borough's net OPEB liability as of June 30, 2022, was determined by an actuarial valuation of the total OPEB liability amount as of July 1, 2021, as rolled forward to June 30, 2022, less the amount of the Borough's proportionate share of the Plan's Fiduciary Net Position. As reported by the Plan, the Borough's total OPEB expense for the year ended June 30, 2022 was \$280,128.00.

## **Actuarial Assumptions**

The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

	June 30, 2022
Salary Increases*: PERS	
Rate for all future years	2.75% - 6.55%
PFRS	
Rate for all future years	3.25% - 16.25%

<sup>\*</sup>Salary increases are based on years of service within the respective plan.

PERS mortality rates were based on the Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2021. PFRS mortality rates were based on the Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2021.

Actuarial assumptions used in the July 1, 2021 valuation were based on the results of the PFRS and the PERS experience studies were prepared for the periods July 1, 2018 to June 30, 2021.

100% of active members are considered to participate in the Plan upon retirement.

## Note 11. Postemployment Benefits Other Than Pensions (continued):

### **Discount Rate**

The discount rate for June 30, 2022 was 3.54%. This represents the municipal bond rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather than the discount rate is set at the municipal bond rate.

## Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the Borough, as well as what the Borough's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

		June 30, 2022	
	1%	At Current	1%
	Decrease 2.54%	Discount Rate 3.54%	Increase 4.54%
Net OPEB Liability	\$1,761,799.00	\$1,519,838.00	\$1,325,159.00

## Sensitivity of the Net OPEB Liability to Changes in Healthcare Cost Trend Rates

The following presents the net OPEB liability of the Borough, as well as what the Borough's net OPEB liability would be if they were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rate:

	June 30, 2022		
	1% Decrease	At Current Discount Rate	1% Increase
Net OPEB Liability	\$1,289,325.00	\$1,519,838.00	\$1,815,062.00

## Note 11. Postemployment Benefits Other Than Pensions (continued):

## Deferred Inflows of Resources and Deferred Outflows of Resources

At June 30, 2022, the State reported deferred inflows of resources and deferred outflows of resources related to OPEB from the following sources:

	June 30, 2022		
	Deferred	Deferred	
	Inflows of	Outflows of	
	Resources	Resources	
Changes of assumptions	\$518,692.00	\$78,486.00

differences between Borough's			
contributions and proportionate			
share of contributions		1,571,152.00	
	\$800,405.00	\$1,852,867.00	

The Borough's proportionate share of deferred inflows of resources and deferred outflows of resources related to OPEB, in the amount of \$1,052,462.00, will be amortized in OPEB expense.

## Plan Fiduciary Net Position

For detailed information about the Plan's fiduciary net position, please refer to the State of New Jersey, Division of Pensions and Health Benefits' Comprehensive Annual Financial Report, which can be found at <a href="https://www.state.nj.us./treasury/pensions/financial-reports.shtml">https://www.state.nj.us./treasury/pensions/financial-reports.shtml</a>.

General Capital Fund	250,099.78	\$25,255.00
Water/Sewer Utility Capital Fund	198,386.00	198,386.00

## Note 14. Deferred Compensation Salary Account

The Borough offers its employees a Deferred Compensation Plan in accordance with Internal Revenue Code Section 457 which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full-time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death or unforeseeable emergency. Amounts deferred under Section 457 plans must be held in trust for the exclusive benefits of participating employees and not be accessible by the Borough or its creditors. Since the Borough does not have a fiduciary relationship with the Plan, the balances and activities of the Plan are not reported in the Borough's financial statements.

## Note 15. Risk Management

The Borough is exposed to various risks of loss related to torts; theft of damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

### **Joint Insurance Pool**

The Borough is a member of the Municipal Excess Liability Joint Insurance Fund. The Fund provides the Borough with the following coverage

Forgery or Alteration	\$50,000.00
Theft, Disappearance and Destruction	50,000.00
Robbery and Safe Burglary	50,000.00
Computer Fraud	50,000.00
Public Employee Dishonesty	50,000.00

Contributions to the Fund are payable in two installments and are based on actuarial assumptions determined by the Fund's actuaries. The Fund publishes its own financial report for the year ended December 31, 2022 which can be obtained on the Fund's website.

## Note 16. New Jersey Unemployment Compensation Insurance

The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund, dollar-for-dollar, for unemployment benefits paid to its former employees who were laid off or furloughed and charged to its account with the State. The following is a summary of Borough contributions, reimbursements to the State for benefits paid and the ending balance of the Borough's unemployment trust fund for the current and previous two years:

		Amount	Ending Balance					
Year	Contributions	Reimbursed	Current Fund	Trust Fund				
2022	\$10,000.00	\$5,000.00	\$10,000.00	\$187.55				
2021	5,000.00	9,951.11	5,000.00	187.55				
2020	10,000.00	2,547.97	9,951.11	187.55				

## Note 17. Contingencies

## **Compensated Absences**

The Borough permits its employees to accumulate unused sick and vacation pay, which may be taken as time off or paid at a later date at an agreed upon rate. The Borough's management estimates that the costs of such unpaid compensation at December 31, 2022 was \$80,297.99. In accordance with accounting principles and practices prescribed by the State of New Jersey, Department of Community Affairs, Division of Local Government Services, these estimated amounts are not reported as an expenditure or liability in the accompanying financial statements and are not subject to audit.

In accordance with NJSA 40A:4-39, the Borough has established a reserve for compensated absences in the Trust Other Funds to provide for future payments of compensated absences. As of December 31, 2022 and 2021, the reserve for compensated absences was \$107,721.07 and \$107,541.36, respectively.

## **Grant Financial Assistance**

The Borough receives certain financial assistance from grants. Entitlement to the funds is generally conditional upon compliance with the terms of the financial assistance agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. Therefore, costs previously reimbursed may be disallowed and require repayment to the grantor. The Borough's management anticipates that no material liabilities will result from such audits.

## Litigation

The Borough is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the Borough, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements.

## Note 18. Subsequent Events

Management has reviewed and evaluated all events and transactions that occurred between after December 31, 2022 and April 9, 2024, the date that the financial statements were available to be issued.

### Authorization of Bonds and Notes

On April 4, 2023, the Borough adopted a bond ordinance to appropriate \$525,000.00, including a Monmouth County Open Space grant received or expected to be received of \$200,000.00, a down payment of \$15,477.00 and authorizing the issuance of bonds or notes of \$309,523.00 to finance costs for various improvements to Como Lake.

On December 5, 2023, the Borough adopted a bond ordinance to appropriate \$1,055,000.00, including a New Jersey Department of Transportation grant received or expected to be received of \$767,600.00, a down payment of \$15,000.00 and authorizing the issuance of bonds or notes of \$272,400.00 to finance costs for various road improvements in the Borough.

#### PART III

#### **COMMENTS**

YEAR ENDED DECEMBER 31, 2022

## BOROUGH OF LAKE COMO COUNTY OF MONMOUTH STATE OF NEW JERSEY COMMENTS YEAR ENDED DECEMBER 31 2022

#### Contracts and Agreements Required to be Advertised per N.J.S. 40A:11-4

N.J.S. 40A:11-4 states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law."

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the municipal attorney's opinion should be sought before a commitment is made. Our audit of expenditures did not reveal any individual payments in excess of the statutory limit for the performance of any work or the furnishing of any goods or services other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S. 40A:11-6.

The minutes indicated that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

#### Purchases, Contracts or Agreements not Required to be Advertised by N.J.S. 40A:11-6.1

N.J.S. 40A:11-6.1 states, "For all contracts that in the aggregate are less than the bid threshold but exceed 15 percent or more of that amount, and for those contracts that are for subject matter enumerated in subsection (1) of section 5 of P.L. 1971, c. 198 (C.40A:11-5), except for paragraph (a) of that subsection concerning professional services and paragraph (b) of that subsection concerning work by employees of the contracting unit, the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable. The award shall be made to a vendor whose response is most advantageous, price and other factors considered. The contracting agent shall retain the record of the quotation solicitation and shall include a copy of the record with the voucher used to pay the vendor." In the auditing of the Borough's expenditures, we performed tests of the Borough's compliance with N.J.S. 40A:11-6.1 and noted no exceptions.

#### **Examination of Claims**

In the auditing the Borough's expenditures, we did not and were not required to determine or establish proof of rendition, character or extent of services, nor quantities, nature, propriety of prices or receipt of materials, these elements being subject to the Borough's system of internal control over the approval and payment of claims in accordance with N.J.S.A. 40A:5-16. However, we tested the Borough's compliance with its established internal control system over the approval and payment of claims and noted no exceptions.

#### Payroll Withholdings

We did not and were not required to determine the propriety of withholdings from individual employee salaries for pensions, income taxes, social security and medicare taxes, and for other purposes.

# BOROUGH OF LAKE COMO COUNTY OF MONMOUTH STATE OF NEW JERSEY COMMENTS YEAR ENDED DECEMBER 31 2022

#### Collection of Interest on Delinquent Taxes and Water/Sewer Utility Bills

On January 4, 2022, the Governing Body adopted a resolution fixing the rate of interest rate on delinquent taxes. The following is an excerpt from the aforementioned resolution, relative to fixing the rate of interest on delinquent taxes:

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Borough of Lake Como, that the interest on delinquent taxes shall be eight percent (8%) per annum on the first \$1,500.00 of the delinquency and eighteen (18%) per annum on any amount in excess of \$1,500.00.

NOW, THEREFORE, BE IT RESOLVED that a penalty of six percent (6%) shall be imposed on delinquencies exceeding \$10,000.00 at the end of the fiscal year. This shall be calculated on the sum of all taxes from year to year and not on an individual year basis.

On January 4, 2022, the Governing Body adopted a resolution fixing the rate of interest rate on delinquent water/sewer bills. The following is an excerpt from the aforementioned resolution, relative to fixing the rate of interest on delinquent water/sewer bills:

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Borough of Lake Como, that the interest on delinquent water/sewer shall be eight percent (8%) per annum on the first \$1,500.00 of the delinquency and eighteen (18%) per annum on any amount in excess of \$1,500.00.

NOW, THEREFORE, BE IT RESOLVED that a penalty of six percent (6%) shall be imposed on delinquencies exceeding \$10,000.00 at the end of the fiscal year.

Based upon our audit of the tax collector's and the water/sewer collector's records, interest was charged in accordance with the foregoing resolutions

#### PART IV

#### **COMMENTS AND RECOMMENDATIONS**

YEAR ENDED DECEMBER 31, 2022

#### <u>COMMENTS AND RECOMMENDATIONS</u> <u>YEAR ENDED DECEMBER 31, 2022</u>

#### **Finding 2022-001**

We consider the following deficiency in internal control over financial reporting to be a material weakness relative to the maintenance of complete and accurate general ledgers on a timely basis.

#### Criteria

Internal control over financial reporting allows for management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

#### Condition

The Borough did not maintain complete and accurate general ledgers for certain funds during 2022 on a current and timely basis.

#### Cause

Internal control procedures were not in place for preventing, or detecting and correcting, misstatements of account balances recorded in the general ledger on a current and timely basis.

#### **Effect**

General ledgers that are not completely and accurately maintained present a reasonable possibility that a material misstatement in financial statement balances will not be prevented, or detected and corrected, on a timely basis by management or employees.

#### Recommendation

It is recommended that the Borough enhance its internal control system to ensure the maintenance of complete and accurate general ledgers for all funds on a current and timely basis.

#### **Borough Response**

Borough officials agree with the finding and will enhance its internal control system to ensure the maintenance of complete and accurate general ledgers for all funds on a current and timely basis.

### <u>COMMENTS AND RECOMMENDATIONS</u> <u>YEAR ENDED DECEMBER 31, 2022</u> (Continued)

#### Other Internal Control and Compliance Matters

#### 2022-002\*

#### Comment

We noted that there were interfund balances at year-end.

#### Recommendation

We recommend that, where practicable, interfund balances be liquidated prior to year-end or subsequently liquidated on a timely basis in the following year.

\*A similar recommendation was made by the prior year auditor.

#### 2022-003\*

#### Comment

We noted that there were expenditures without an appropriation by ordinance in the general capital fund in 2022 and 2021 and the water/sewer utility capital fund in 2021.

#### Recommendation

We recommend that internal control procedures be enhanced to avoid expenditures without appropriation by ordinance in capital funds.

\*A similar recommendation was made by the prior year auditor.

#### **2022-004**

#### Comment

We noted that there was an overexpenditure of an ordinance appropriation in the general capital fund.

#### Recommendation

We recommend that internal control procedures be enhanced to avoid overexpenditure of capital fund ordinances.

### <u>COMMENTS AND RECOMMENDATIONS</u> <u>YEAR ENDED DECEMBER 31, 2022</u> (Continued)

#### Other Internal Control and Compliance Matters (continued)

#### 2022-005\*

#### Comment

We noted that the current fund appropriation status report was not reconciled and proved to the general ledger to ensure agreement with the financial statements presented for audit.

#### Recommendation

We recommend that current fund appropriation status report be reconciled and proved to the general ledger to ensure agreement to the financial statements presented for audit.

\*A similar recommendation was made by the prior year auditor.

#### <u>2022-006</u>

#### Comment

We noted that certain bank reconciliations were not completed and accurately reconciled to the general ledger on a current and timely basis.

#### Recommendation

We recommend that bank reconciliations be completed and accurately reconciled to the general ledger on a current and timely basis.

#### 2022-007

#### Comment

We noted that an ordinance, as required by N.J.A.C. 5:30-17.6, was not adopted that authorizes the Borough's payroll service provider to perform the payroll tax disbursement function. In addition, the ordinance is required to designate a responsible individual to authorize and supervise the activities of the payroll service provider.

#### Recommendation

We recommend that Borough adopt an ordinance in accordance with N.J.A.C. 5:30-17.6 that authorizes the payroll service provider to perform the payroll tax disbursement function and that a responsible individual is designated to authorize and supervise the activities of the provider.
