- Mayor Higgins presented a proclamation honoring the spirit of volunteerism in the Borough of South Belmar/Lake Como and all those who tirelessly volunteered their time to the town.

HISTORY OF SOUTH BELMAR & LAKE COMO

- Mayor Higgins gave the following brief history of South Belmar/Lake Como The Borough of Lake Como, formerly South Belmar, was formed out of the boundary of Wall Township in 1924. The land was originally a part of Shrewsbury Township, formed in 1693 by an act of Provincial Assembly. At the time, the area included all land from the Navesink River to Little Egg Harbor. This land was settled by Congregationalists from Connecticut and Quakers and Scotch Presbyterians from New York and New England. In 1879, Neptune Township was carved out of Shrewsbury Township, which compromised all of the land between Asbury Park and Manasquan.

Jeremiah Newman, one of the earliest settlers, arrived in the 1800s and cultivated this land. His son, Issac Newman, played a pivotal role in the area's development by selling tracks of land in the Belmar and South Belmar areas for a dollar an acre. The land was eventually sold off and subdivided, creating a less regular pattern than the areas north and south of what is now Lake Como. Newman Street stands as a testament to the early influence of the Newman family in the area.

The Borough of South Belmar was created on May 6, 1924, by referendum in which 152 voters favored the separation from Wall Township, and 115 citizens voted against the referendum. Once the borough was founded, its citizens quickly gained intense pride in their new identity and continued to strongly support the local government. On June 3, 1924, the Borough's first Mayor, Claude W. Birdsall, presented his first message to the council. He outlined three main areas where the community needed improvement: sanitation, street repairs, and parks.

Addressing sanitation issues was given the highest priority, as there was no garbage or sewage disposal in the Borough. Secondly, he considered street repairs an immediate need since auto traffic was increasing and the gravel roads were quickly becoming inadequate. Although the original mayor considered Lake Como the Borough's chief asset, creating parkland and dedicating open space were placed at the bottom of the list of highest priorities.

In September 1924, Norris J. Woolley, the borough collector, presented his first official report. It was a challenging time for the new borough, with a cash balance of only \$141.03 and outstanding notes totaling \$500.00. Despite these financial hurdles, the Council authorized a \$500.00 emergency note to pay the bills. It wasn't until 1926 that the borough was able to float a \$20,000 bond for sewage disposal and a \$75,000 issue for improving the water supply. Neighboring Belmar stepped in to provide the sewage service and water.

Over the next few years, the mayor's improvement plans were implemented. Bids were asked for trash and garbage disposal, and a pick-up system was organized. Streets were graded and widened to the proper standards, and confusing dead-end roads were extended. The shore of Lake Como, once called Three Corners Pond, was not made a park until 1950. World War 2 had been over for five years, and it was dedicated as the Denman, Fisher, and Perkins Memorial Park in honor of those who died in service.

Since its inception, Lake Como has sustained itself as a small community of bungalows and homes. In 1924, the first volunteer fire department was established, and in 1938, the South Belmar volunteer First Aid began servicing the community. The Borough has always been famous for its summer rentals and active nightlife, but it remains predominantly a year-round community.

Lake Como, the borough's namesake, is one of the most prominent features. In the past, the lake was part of an ancient bay extending from Lake Takanassee in the Elberon section of Long Branch to the Manasquan River. More recently, it was connected to Shark River west of Route 35 and south of Belmar Blvd. Around 1950, Route 38, known as the Army Mile, was constructed, permanently separating the watersheds of Lake Como and Shark River. These watersheds were further divided due to the widening of Route 38, now known as Route 138. For thousands of years, Lake Como was directly connected to the ocean by a small inlet. However, with the construction of outfall pipes, the lake's status changed from a tidal basin to a shallow lake. This transformation was necessary to protect the shorelines of Belmar and Spring Lake from severe erosion.

On November 2, 2004, the voters of South Belmar voted to change the name of the Borough to Lake Como, which came into effect on January 4, 2005.

REPORTS OF COMMITTEES

- Councilwoman Albala-Doyle reported that the summer activity registrations are going on now. Tennis registration ends June 30th, Running Club registration ends June 23rd and Basketball registration ends June 9th. Councilwoman Albala-Doyle reported that the park project is moving along quickly, the grading and drainage of the field is going on now and once that is complete, the fence will go up and that will happen in about a month. All other matters are in order.
- Councilman Ventrice reported that the Williamsburg High School of Architecture and Design gave a presentation on the Main Street Arboretum to the Environmental Commission and they are hoping to get that presentation on a Council meeting in the near future. Councilman Ventrice thanked everyone for coming out to the meeting, it is nice to see so many residents and our friends from Belmar here tonight. All other matters are in order.

- Councilman DeMauro asked Chief Scott and Borough Administrator Andrew Huisman if there was anything to report under the Police Department and First Aid. Chief Scott reported that the summer seasonal specials are out and about, and Borough Administrator Andrew Huisman reported that the EMS is doing great and everything else is in order. Councilman DeMauro reported that it has been an honor and privilege to be part of this council for the last 5 years. All other matters are in order.
- Councilman D'Antuono thanked everyone who came out tonight and congratulated the proclamation recipients tonight. All other matters are in order.
- Councilwoman Scull reported that she started the Mommy & Me Playgroup in 2015 as a place for moms to come together in a non-judgmental atmosphere. She is proud that the volunteers have kept the integrity of the playgroup, keeping it in Lake Como. Councilwoman Scull thanked Brittany, Molly and the new mom taking it over, Catherine. It will now be held on Fridays and information about where they are meeting can be found on the Mommy & Me Facebook page. All other matters are in order.
- Councilman Witte reported that the budget will be introduced tonight and there will be a decrease in the tax rate. Councilman Witte gave his report on his own history in Lake Como/South Belmar as follows: 100 years ago tonight was the first council meeting of our great little town. There are some people who think that I was at the first meeting, I am sorry to inform you that I was not there. However, I was there for the 50th, 75th and now the 100th anniversary. As the only member of the council that grew up in South Belmar/Lake Como, I feel that I need to talk about how things have changed over the years. When I was a kid growing up in town it was completely different. I was able to ride my bike down 18th Avenue and there was no traffic. We used to play in the street and very seldom did we have to wait for cars. There was also never an issue with parking. None of these can be done in the town day as our town has become a vibrant yearround community. The 1950 census shows there were 1295 residents and 898 homes. The 2021 census shows there were 1750 residents and 833 homes. This means many of the homes in the 50's were summer homes that have been replaced with more year-round homes.

Back in the 1960's, the town had a BBQ each year to raise money for the youth center that was held in the playground that once stood where this building is today. Now that event has been replaced by Lake Como Day and the Mayor's Bash.

When I took office for the first time in 1979, there were only 2 people in the town office. There was the Borough clerk and the tax collector. Now we have 6 full time workers and many part time workers.

Back in the day, there was a different type of pride in town as many residents would volunteer as members of the First Aid squad, fire company and youth center. All these organizations are now gone and as a past member of the first aid

and Fire company. I personally want to thank all the members that dedicated their lives to helping their neighbors over the years.

I have served the residents of our town for 54 years and 32 as a councilman and I have been asked many times over the years why I do it, the answer is very simple, it's an honor to serve the town I grew up in, the town I started a family in, and the town I love. All other matters are in order.

- Mayor Higgins thanked everyone who came out to celebrate tonight, Commissioner Director Arnone, County Clerk Hanlon, Belmar Mayor and Council, former Lake Como elected officials Brian Wilton, Kevin Lynch and Virginia Kropac. The same issues and concerns from 1924 are still relevant today; the lakefront which was rededicate last year, the park which is going through changes 100 yeas later, water and sewer are still a concern streets and roads are ever changing. Mayor Higgins thanked everyone sitting on the dais with him tonight and all their hard work and dedication they give to the town everyday. All other matters are in order.
